OVERVIEW

In this all-play game, students will attempt to find their Small Group Leader while blindfolded, guided only by the noise their Leader makes. The first Small Group with all of its members gathered around their Leader wins!

- All of your students
- All of your Small Group Leaders
- 1 blindfold (or paper grocery bag) per student

WHAT YOU'LL NEED

HOW-TO

PREP

- Place your blindfolds where they'll be easily accessible by your players.

PLAY

Ask your Small Group Leaders to come up to the front and pick a unique noise they'll make to guide their Small Group students. Go to each Leader and have them make their noise so that everyone in the room hears it.

Ask all of your students to stand against one of the walls in your environment and put their blindfolds or paper bags

on. Instruct your Leaders to choose and go to a space in the room where they'll stand for the duration of the game.

On your "Go," all of the Leaders will begin making their noises in an attempt to guide their students to them. The first Small Group with all of its members gathered around their SGL wins!

Safety Note: Be sure to clear any obstacles (chairs, pews, tables, etc.) in the game space. Since students will be blindfolded and walking across your environment, you'll want to avoid potential injuries caused by random objects that get in their way!
